**Explain it like I am Five years old. ... ;**
**Example Crap Code, Notepad on Puter COM ... ;**
**:a , start a.bat, goto a ... ;**
**This text is describing a simple Program called a "FORK BOMB Wabbi Script".**
**In similar terms, it's a computer code that keeps starting a program called**
**"a.bat" over and over again. This can make the compuer slow down or crash,**
**because it creates a lot of copies of the same program, linux is one line. ... ;**
**The text features a conversation between a psychiatrist named Stephen Lykins and a person identified as Scott Barry. They discuss a variety of topics, including a stranger showing up at their door, handling mail mix-ups, and the importance of being cautious about letting people into one's home.**
**"The Protocols of the Learned Elders of Zion," including a preface, introduction, and 24 protocols that detail strategies for achieving power and control, such as economic wars, despotism, totalitarian state, control of the press, and instilling obedience.**
**The text highlights reasons to be critical of psychiatry, pointing out harm caused by psychiatrists, violation of the Hippocratic Oath, patronizing behavior, lack of scientific basis, and the classification of psychiatry as quackery.**
**When humans die, they become telepathic ghosts or psychic beings. The text dismisses**
**religious beliefs and asserts that there is no God, Satan, Heaven, Hell, angels, or demons.**
**FORGET THE PRESS IT IS ALL CENSORED, UNPLUG FROM ANY AND ALL TV AND RADIO ... ;**

**You know with MKULTRA I grew up making child porn and snuff films with other adults as a kid. I saw in doctors offices doctors sexually using girls in some Russian Quack clinic, I saw people get poisoned and die in this one snuff film they were producing, they videotaped people vomiting and blacking out in this one snuff film that was being directed, also in Psychiatry police will just snuff and kill people during psych evaluations, I always conclude all search engines are ZIO controlled.**
**https://archive.ph/archive.org/details/odom-manifesto**
**Communism is Jewish and Zionism is Communism Period .... ;**
**Karl Marx had Jewish Parents and was a Jew Period ... ;**
**Odom Manifesto Martians Summary and that is all ... ;**
**The text suggests that characteristics attributed to God in the Bible actually resemble traits of Martians, who are depicted as power-hungry and destructive. It argues that there is no God, heaven, or hell, and that Earth is at risk of destruction by Martians. The text then delves into the origins of the solar system, detailing how it emerged from a molecular cloud and formed planets through gravitational collapse. It explains the early conditions of Earth and Mars, highlighting their similarities in composition and development of atmospheres, leading to the potential for biological life.**
**Then most modern doctors or shrinks will diagnose that as Chronic Paranoid Schizophrenia or Severe Psychosis ... ;**
**Psychiatry is the main cause of Homelessness, esp Medical COINTELPRO ... ;**
**Psychiatry and its non statistical Unscientific Communistic Jewish DSM Quacks Like a Duck**
**and a A*** V****** Speculum shoved up a rear end and we all know this by now. Quackery No Contest.**
**Pyshiatry is ran by Liberal Democrat Communists, not Actual Scientists such as Neurologists.**
**It is a front group for BIG PHARMA and Vaccines, So is NAMI, So are all their groups.**

**The Nursing Homes, Group Homes, CPS, Elderly Homes, all abuse Pharma Drugs, Foster Care,**
**Plus all of them "use people as sex slaves" "do all the human trafficking" are involved in**
**Satanic Ritual Abuse within Freemasonry a Secret Society, B'nai B'rith is the Jew Version,**
**The ADL is not protecting anyone but defending Pedophiles such as Leo Frank who Raped-Murdered**
**a Fiteen Year Old, also they all do purjury and get away with it aka Narcissistic Abuse by Proxy,**
**They all lie, Everyones Psych Notes are full of lies to do what is called Organized Gang Stalking**
**or a Smear Campaign, they will tell your neighbors all your personal info such as your SSN which**
**they will then open credit in your name and do other forms of identity theft all done by the freemasons,**
**and then they all you end up doing is going to the bank and fixing your stuff and you better not sound**
**like a crazy j*** and say that word gangstalking at a d*** bank, then you would loose your account LOL.**
**A psychiatrist at Providence St Peter in Olympia WA threatened to kill me**
**by "verbally threatening" to pour bleach down my throat over psych history notes he read?**
**Aparantly that shrink was a karen that got all butt hurt over someones psych notes.**
**It is the same with karens that beat up First Amendment Auditors or SWAT them ... ;**
**Again, they are Communists, Liberals, Democrats, Hate Free Speech, Believe Deplatforming**
**works, Karents, SJW, Antifa, BLM, LGBTQ, I am not even partisan and do not side with them,**
**Again they wore a mask and got vaccinated during COVID, and believe Global Warming Man Made.**
**Again this one gets accounted as a NON ISSUE by society and my only reccomendation**
**is that Psychiaty is not a real Medical Science it is COINTELPRO and Quackery, they**
**do not care about their patients, switching shrinks would probably help, but again**
**most of society would look at this as a non issue and that you are a terrible person**
**who should have bleach poured down your throat by a psychiatrist and is look at as a**
**joke, because hey, we trust shrinks even though the DSM is all opinions and no statistics.**

**Again nobody is around to help, that is how this Zionist Run Society just is.**
**The times I was in the Hospital on the way to the funny farm I saw random women get**
**raped by police and get their brains bashed and lacerated and get shot in the hospital**
**by police, basically the mentally ill was being snuffed out by police and this never made**
**it to the press ever, The Internet covered non of it, I have to use TOR Browser to the**
**unfiltered Search Engine Results, because ISPS censor the Internet, A ZIO Controlled Internet.**
**A psychiatrist threatened that he's able to kick me out of my parent's**
**home without their consent, despite the fact that I'm not a criminal nor**
**involved with drugs. Is it good that I sent a complaint to his boss, or**
**should I prosecute him?**
**J.A. Shapira**
**Lives in Winnipeg, MB5y**
**No psychiatrist has the ability to evict you from your parents home without their consent. Even then, it depends on your age and whether you’re an adult over the age of majority or a minor. In some regions your parents can evict you if you are over a certain age, yet still not legally considered an adult.**

**The only authority a psychiatrist may have related to this is the ability to have you held for a psychiatric assessment if they believe you’re a danger to yourself or others.**

**Of course, they can offer recommendations to your parents or the court, but they cannot make these kinds of decisions.**

**Rather than complaining to their superiors, I would encourage you to speak with your parents, an attorney or your local agency responsible for governing and oversight of medical professionals. If you truly feel your psychiatrist is not looking out for your best interest, I would encourage you to retain the services of a different psychiatrist. If you are a danger to yourself or others visit your local emergency room or dial 9–1–1.**
**If a psychiatrists makes a death threat to a patient you can handle it of course**
**because you are used to Medical COINTELPRO and Stalking, and you known what it is**

**Then other COINTELPRO involves over medicating, combining cocktails, that leave you Blind, Deaf, in a wheel chair, physically or mentally handicapped, all from taking high doses of psychiatric drugs, that is when it goes to far, when you are handicapped. So Far CCHR International and The Antipsychiatry Coalition are Completely Right about Psychiatry Not Being a Science and Being Quackery, these so called Psychiatists are supposed to be "Cordial" "Professional" "Honest", etc, yet they always do medical COINTELPRO, such as overmedicating patients, combining medications that harm patients, thus harming their kidney or liver or even brain, then you get shrinks such as Stephen Lykins of My State WA and Ajan Sattar of My State WA that always do things to patients such as Death Threats or COINTELPRO again, I was given a Death Threat by Ajan Sattar of Washington a Psychiatrist threaten to kill me by pouring bleach down my throat, these psychiatrists are not doctors they are quacks they literally threaten to kill their own patients by verbally threatening to pour bleach down their throat, I can take the criticism and death threats I guess but these people just do not use any science, the DSM says statistical, but all it is is mere opinions and no science, and when a shrink threatens to kill a patient by threating pouring bleach down their throught and other shrinks combine meds that could cause sudden death or leave them in a wheel chair with brain damage then I do not consider Psychiatry a Legitamate Medical Profession especually with all the COINTELPRO involved in psychiatry where a shrink could overperscribe medications thus thus harming the kidneys liver or brain, then cocktails that land you in a wheelchair, then threaten to kill their own patients by pouring bleach down their throat over the shrink being triggered by reading your psych notes as if it is some soap opera. Again**

**Most of these psychiatrists if you do not have the same liberal politics as them they will verbally attack you and make death threats at you, I do not understand any of why they would do all this COINTELPRO and patients go from walking normally to being over medicated and put in a wheelchair and physically handicapped, yet nobody even tells you this except for a few whistleblowers on YouTube who work with people disabled and in wheel chairs simply because they took a cocktail of psychiatric drugs, makes no sense.**

**My family argues and shit and one guy goes postal and breaks shit every single morning I hear glass shattering and other BS as usual since I hate my Brainwashed Family I really just have to deal with their BS ... ;**

**I start my day with Coffee, not a health beverage but a shitty stimulant that does not work, then add creamer which is the processed fake wallnut kind, then I get myself water and add it to Thress packs of Maple Brown Sugar Oatmeal, Microwave Thirty Seconds then I eat the oatmeal, then I get some water Seventeen Ounces from the cup I just added coffee too, then I Go on this stupid computer and see what is going on in the world ... ;**

**In the northern states they use salt to combat ice on the roads instead of sand. The salt slowly destroys the water supply along with rivers and lakes. The so-called tree hugers don't care. They worry about plastic bags getting in the ocean. But New Yourk and New Jersey take barges of trash out in the ocean and dump it daily. The tree hugers don't care. They the tree hugers worry about cow facts destroying the ice at the poles. They don't take into consideration volcanos😅😅 in the poles under the ice that melt it. The are just sheepale with very low IQ's.**

Primary water only works in certain areas, Military Vents are full of contamination, Then you have rain water and Water from the BIOSPHERE generated by Wall Electricity, then you just distill it, ozonate it, check it with a TDS-3 Meter, Contaminated water is why people don't do remote viewing anymore.

Most water systems are not on the Internet. This seems very bizarre to me.

I bet it's all the vinyl chloride. I remember all those trains crashing around fresh water streams. It wasn't a mystery if you are paying attention.
